Stay Protected On Every Road Journey

Your on-the-road companion that goes easy on your wallet.

Being on the road is a part of your everyday life. You get behind the wheel to go to work, to meet friends, and to go home to your loved ones. While road safety is your priority, being on the road can be quite challenging. Therefore, it is important to protect yourself against unforeseen circumstances with a comprehensive on-the-road protection. Flexi PA is a personal accident protection plan that guards you and your family against financial burden in case of accidents.

“Research by the Malaysian Institute of Road Safety (MIROS) showed that an average of 18 people were killed on Malaysian roads daily. The figure is expected to rise to 29 by 2020.

MIROS’ research predicted that road fatalities would account for 10,716 deaths in 2020 compared with an average of 6,915 annual deaths in recent years.”
